RECRUITMENT AID

We had **great feedback** from our Booster Training sessions. Attendees said it **increased their confidence in approaching these discussions with potential participants**.

The sessions covered **recent research into ACS** and a run through on speaking about STOPPIT-3 pregnant women and people, and their families.

There is access to a recording of the session which can be referred to as a helpful recruitment aid. See the QR code to the right or follow this link: <https://edin.ac/3QZthv3>
